World War 1 Cannon placed atop a GAR Cannon Mount. After the Civil War cannon originally there was used in a WW1 scrape metal drive as explained on brass plate.

Original reads:

A Memorial to the Soldiers of the Civil War presented to El Paso County by Colorado Springs Post No. 22 G.A.R. July 4, 1904.

The Civil War cannon barrel that originally graced this site was, because of its valuable metal content, donated to assist the United States' war effort during World War II. In its place, this 1918 Howitzer barrel, a World War I model was

Decades later, the Howitzer barrel was removed and placed into storage, leaving the memorial unadorned.

In 1991, the barrel was refurbished and remounted through funds provided by the Colorado Society of the Sons of the

American Revolution.

As a result, this unusual memorial has ties, not only to the Civil War, but to World War II and even the American Revolution. With its history and purpose in mind, this memorial is rededicated, 87 years after its original dedication.
