Preserving the Union: Honoring the Past

The Sons of Union Veterans of the Civil War, John T. Crawford Camp #43, with the support of the Indiana County Tourist Bureau, and the Historical and Genealogical Society of Indiana County, have come together for the purpose of honoring Indiana County Civil War veterans. This honoring of our veterans will take the form of a life-size bronze statue of a Civil War private atop a barnstone base. The memorial will be placed in the front lawn of the Silas M. Clark House, a former GAR Post 28 meeting hall.

As with any endeavor that is to encompass and honor so many lives, there is a lot of work to be accomplished to bring about a successful completion. Approximately 2,800 Indiana County veterans sacrificed and put their lives on hold so that our Union could be preserved. In the process, the abolition of slavery occurred – a grand undertaking by anyone's standards. This undertaking makes our current memorial project seem much less arduous; however, the project still requires a concerted effort from the parties involved. We need any Civic minded citizens who have ever longed to be a part of making history in a tangible manner to support this project. As the 150th Anniversary of the Civil War approaches, the timeliness of this project is paramount.

The Soldier's Pose: "Rest on Arms"

"Rest on Arms" is a ceremonial pose of the Union soldier. This thoughtful, prayerful, reflective and respectful pose is a non-warrior position, reflecting the longing for peace and reunion with family, friends and community that was always on the mind of the ordinary soldier. The pose reflects the sacrifice for freedom that our soldiers accepted with courage and honor.

About the Sons: Caring for the Past and Future

The Sons of Union Veterans of the Civil War is a patriotic and educational organization similar to the Grand Army of the Republic, founded in 1881, and incorporated by an Act of Congress approved on August 29, 1954.

The local camp, known as the John T. Crawford Camp #43, was originally formed in 1904, and was named in honor of John T. Crawford, a former attorney and physician, who enlisted in the 63rd Regiment of the Pennsylvania Volunteer Infantry. He was soon promoted to Brigade Surgeon. While tending to his wounded men in Virginia, Major Crawford contracted typhoid fever, and was sent home to recuperate in 1862. After returning to Kittanning, the disease worsened, and on June 7, 1862, he died from its effects.

His wife, Sarah Colwell Crawford, for whom the Auxiliary is named, never remarried, and remained in Kittanning until her death in 1912. Both John and Sarah are buried in Kittanning Cemetery.

The Sculptor: John McCombie

Indiana County Sculptor, John McCombie, grew up in the hills and valleys of Western Pennsylvania. After two years at Kent State University, he was drafted into the United States Army and served a year in Vietnam. Upon arriving home, he married his wife Barbara, and they started a family. Although John returned to finish college, he has a burning desire to work as an artist in bronze. Soon he built his own foundry and pursued his dream. His sculptures of animals portray the balance of nature contrasting with man's frequent inability to achieve similar harmony. John's native American sculptures portray a search for spiritual communion with a more natural world. John's Civil War statue leaves one free to ponder what it means to see the horror of war between brothers and believe in humankind.

RE: Indiana County Civil War Memorial Contribution

Dear Business Owner,

As the 150th Anniversary of the Civil War approaches, a committee has been formed including members of the Sons of Union veterans of the Civil War (Camp #43), with the support of the Indiana County Tourist Bureau, and the Historical and Genealogical Society of Indiana County, for the purpose of constructing a memorial. All parties involved firmly believe a Civil War memorial honoring 2,800 county veterans is long overdue, especially since an effort was made in the 1880's from GAR Veterans to accomplish this exact purpose. These veterans fell short despite a gallant effort.

Much effort has been invested in this endeavor. An extensive proposal package was established, making the location of this memorial particularly appropriate since it will be in front of the Clark House, a former GAR meeting hall, Post 28. Also, presentations have been made to State Senator Don White, PA House Representative Dave Reed, and the Indiana County Commissioners. All local government officials have overwhelmingly endorsed this project. Their letters of support along with the proposal package are enclosed for your inspection. We ask you this day to join in honoring the Indiana County veterans, but how much is the price of freedom?

Below is a suggested giving level for assembling a staff of able corporations. By pledging a certain dollar amount for each Indiana County veteran, corporations can attain different staff positions. These positions translate into special designations that shall appear in the dedication program.

Generals	\$2,800.00 and up (Hot Cast Bronze Statuette)	Captains	\$350.00 to \$699.00 (Book)
Colonels	\$1,400.00 to \$2,799.00 (Drawing Print)	Sergeants	\$40.00 to \$349.00 (Ribbon)
Majors	\$700.00 to \$1,399.00 (Plaque)	Privates	Under \$40.00

Should you accept this honor of participating in a once-in-a-lifetime project, you will be in good company, marching shoulder to shoulder with these veterans, as it should be. Together we can make history. Please be as generous as possible, as government money is mostly non-existent. In addition, please remember that your contribution is tax deductible, as Camp #43 is a 501(c)(4) organization.

Thank you,

*Proposed Location at

"Rest on Arms"

(About the Memorial)

Reasons for a Civil War Memorial

- ✿ Why now? 150th Anniversary is approaching. There is no Civil War memorial commemorating the Veterans of Indiana County at the County seat.
- ✿ Current deficiency of memorial has created a lack of educational value and awareness.
- ✿ This will be only one statue - unlike prominent Civil War locations that have many statues.
- ✿ One statue will comprise the feelings of approximately 2800 soldiers who served in the Civil War from Indiana County.

Location

- ✿ Clark House front lawn (Historical and Genealogical Society of Indiana County)
- ✿ Former GAR Meeting House Post 28
- ✿ Historical center of the county
- ✿ Prominent intersection
- ✿ Statue would be within walking distance of schools for educational awareness.
- ✿ Three-way interaction with history and tourism
(Visitors to the statue will go to the Historical Society and those who visit the Historical Society will see the statue. This will bolster tourism to see statue.)

Pose

- ✿ "Rest on Arms" - Ceremonial pose
- ✿ Thoughtful, prayerful, reflective and respectful
- ✿ Non-warrior position
- ✿ Common soldier (Private rank)
(Indiana County did not send one, but many soldiers.)

Positioning

- ✿ North facing (toward homeland of Union soldiers)
 - If parallel with the building (Clark House), the statue would be NE facing.

"Rest on Arms"

Base

- ❖ Barnstone Base
- ❖ At least one-half of most Civil War soldiers came from a farming background.
- ❖ The base is a symbol of: 1.) From humble beginnings to achieving greatness
2.) Progression of life - Man's ascension upward
- ❖ Loose fieldstones at base: 34 stones represent the 24 townships and 10 boroughs
(information derived from 1871 F.W. Beers & Co. map)
- ❖ 16 grave markers placed around the base symbolize the 15 Pennsylvania regiments partially comprised of Indiana County residents. One marker to symbolize U.S. Colored Troops from Indiana County serving in all U.S. regiments.
- ❖ Granite inset with "Rest on Arms" engraved.

Message Board at the Base

- ❖ "Although his musket has long been silenced, this Civil War soldier stands as a vigilant beacon of faith ever mindful of Indiana County's approximately 2800 soldiers that were sent to preserve the Union."

Memorial Specifications

- ❖ Statue of Civil War soldier - Cast Bronze
- ❖ Base which soldier will stand on - Fieldstone and mortar
- ❖ Approximate sizes:
 - Base - 3' high x 4' wide x 4' deep
 - Statue - approximately 5'8" tall

About the Artist, Sculptor

John McCombie

Born in a coal mining town in the hills and valleys of western Pennsylvania, it was there that he first began to learn from nature, hunting, and hiking in the woods with his brothers and cousins.

After two years at Kent State University, John was drafted in the United States Army and served a year in Vietnam (1967-68). Upon his arrival home, he married his wife Barbara and soon began their family. John returned to college to get his degree, but he left teaching to start a successful pipeline company. He still had a calling burning within himself, and John answered that call. That calling was to work with bronze.

Soon he built a foundry of his own and before long, he was producing accurate and detailed sculptures. His animals portray the balance of nature and a contrast with man's frequent inability to achieve similar harmony. The Native American who also interests and inspires him, portrays a searching for spiritual communion with a more natural world. The pieces depicted on his website are the result of self-teaching, perseverance and loyalty to his craft.

John is a member of the American Bell Association, a non-profit organization of nearly 1,700 members in the United States and other countries. Its members are lovers of bells and meet annually at locations across the United States. To see more of John's work, including full size bronze sculptures, please visit his website at www.crookedcreekgallery.com.

Dear Mr. Nupp,

This letter is to add my endorsement to your project of creating a memorial for Indiana County's Civil War Veterans to be located in the front lawn of the Clark House and The Historical and Genealogical Society of Indiana County.

As you explained to me in your presentation, this memorial will recognize the nearly 3,000 Indiana County residents who fought in the Civil War. The Clark House is a wonderful location for such a monument as you detailed it served as a Grand Army of the Republic meeting house during that period.

It is clear to me that you have put great time and energy into this project and I commend you for all of your hard work. This memorial will serve as a wonderful tribute to the soldiers from Indiana County who fought in the Civil War and with the upcoming 150th anniversary of the conflict; this appears to be the appropriate time for such an honor.

Thank you for your efforts on this issue and feel free to contact me should I be of further assistance to you on this or any other state-related matter.

Sincerely,

John T. Crawford Camp #43 Sons of Union Veterans of the Civil War

June 19, 2010

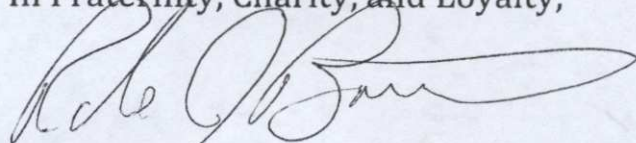

To all who love America and its History:

It is with the utmost honor and respect that I pledge my full support to the Sons of Union Veterans of the Civil War, Camp #43, Indiana County Memorial Project.

I believe that when each of my Civil War ancestors mustered into service, they did so in the spirit of "doing the right thing". They were all members of Volunteer Regiments. One of them, my great, great, great Grandfather Henry Wyant, (103rd PVI), was captured at the battle of Plymouth, North Carolina, and died in confinement at Andersonville, Georgia. Another, Reverend Daniel W. Swigart, (1st Sgt, 62ndPVI), survived the conflict, returning to this area and serving as a Baptist minister at many local churches, including Indiana, Blairsville and Saltsburg. Mr Swigart also served as Chaplain for the GAR Post for several years. With that spirit in mind, I plan to be a volunteer on this project, by serving on the committee, helping to raise funds, providing labor for the construction of the base, and whatever might be asked of me through its' completion and beyond.

The 150th Anniversary of the Civil War will come and go before we know it. Hopefully, the Memorial will rekindle the awareness of what so many gave in preserving the union and securing freedom for an entire race. By erecting a permanent and fitting Memorial, the service of 2800 Veterans from Indiana County will be remembered for many anniversaries, by many generations to come. It is my wish that this becomes a reality very soon.

LETTER OF COMMITMENT FOR STATUE BASE

RE: Civil War Statue Base & Installation

Fellow Patriotic Indiana County Preservationists,

My family has enjoyed a long tradition of calling Indiana County, in particular Green Township, home for over 150 years. Since moving here as pioneers in 1838, we have experienced the evolution of frontier land into an area immersed in modern technology, yet still mindful of its sacrifices and roots.

It was with this spirit that my great-great grandfather, Franklin Nupp, answered the call to preserve the Union in 1861. He served a three-year term with the 78th Pennsylvania Volunteers Company D from Cherry Tree, ultimately being honorably discharged at the expiration of his service. One other brother, Cyrus, served with him in the 78th with similar service. Another brother, John Henry, would not be so fortunate. He paid the ultimate sacrifice in the Battle of the Wilderness with the 67th Pennsylvania Volunteers.

It is also with this spirit that I commit my talents and resources to donating the stone base (including installation) for the Civil War memorial in Indiana, PA. Just as my ancestors answered the call, so must I. I have been fortunate to find a donor for the stones, forming a partnership with Patrick Lee. This partnership would not have been possible without the help of Amy Gresh, both introducing me to Patrick and helping to retrieve the stones.

May the success of this project show the world that Indiana County is a respectful, patriotic and grateful people.

Sincerely,

Timothy Nupp
