Overall Description

Briefly describe the Memorial (affiliation / overall condition & any concern not already touched on) .

Square pedestal featuring soldier in frock coat at parade rest flanked by four Parrott Rifles. Original monument was extensively vandalized and the soldier statue destroyed and cannons stolen. Extensive work by the Bryner Camp #67, SUVCW resulted in a replacement soldier figure and four replacement cannon barrels in 2008. The two benches now in front of the memorial were added at that time also. Gun barrels and bases need repainting, but otherwise the monument group is in generally good shape.
