Condition Information

Structural Condition (check as many as may apply)

The following section applies to Monuments with Sculpture, and Monuments without Sculpture including the base for Monuments with Cannon. Instability in the sculpture and its base can be detected by a number of factors. Indicators may be obvious or subtle. Visually examine the sculpture and its base.

If hollow, is the internal support unstable/exposed?

(Look for signs of exterior rust)

Any evidence of structural instability?

(Look for cracked joints, missing mortar or caulking or plant growth)

Any broken or missing parts?

(Look for elements (i.e., sword, musket, hands, arms, etc. - missing due to vandalism, fluctuating weather conditions, etc.)

Any cracks, splits, breaks or holes?

(Also look for signs of uneven stress & weakness in the material)
