I concur with the denial of the Wilhelmi camp
As a member of the Ross camp, I respectfully abstain from voting, although I personally endorse the project

Glen,

The committee has reviewed your request for a grant. They have denied your request for the grant. This is a last soldier request and requests will only be entertained between May 1st and June 15th and you did not send it in during the approved dates. The last soldier grant has a maximum of \$300.00 and you requested \$500.00. You requested \$500.00 which is the total cost of the monument and we do not fully fund any monument. Also the monument is already built.

Comments: The reason I denied this request is because the monument is already built. The other reason is because requests for funds for the Last Soldier project will only be entertained between May 1st and June 15th. We cannot accept the application because it was not sent in during the approved dates.

In addition to the previous reasons for denial the following should be considered on future applications. "The intent of the SUVCW is not to fully fund any memorial for the Last Soldier project. Rather, the SUVCW intends that the Camps/Departments make contact with other organizations to obtain contributions to the project." This too could be a reason for denial.
