The front or south face of the monument has "1861-65" on the upper base. On the upper part, a waving American flag is inscribed but does not show up well. On all four sides are carved the names of about 80 CW soldiers from the region, many from the 4th & 29th Iowa Infantry regiments. There is nothing else such as year of dedication or sponsor. When I was there in the early morning, I could read the names on the south and east sides, but not on the north and west sides. See attached photos. Lighting and time of day does make a difference in legibility and I have been promised a complete list of soldiers and

To: Memorial Grant Committee

Please consider a grant of \$1000 to replace the badly damaged base of the Civil War Monument near Carbon, Iowa. This is in a rural area in southwest Iowa. I have included Form 61, Form 62 and photos. Let me know if you need additional information.

Linda England is Chair of the Board of Supervisors of Adams County and is leading the effort to raise the \$4391 to replace the base. There are no government funds available. Linda has or is preparing grant requests to historic and preservation organizations. She also plans to publicize it in local newspapers. There are about 80 soldiers' names engraved on the monument and there will be descendants who can be approached for donations.

This was brought to my attention by Mike Carr, PDC, who lives in this area. His Camp, Col. William Kinsman Camp #23, is planning a significant donation. Danny Krock, DC, also supports this request.

Thank you for your consideration.
