Dear Brothers:

Please allow this letter to serve as my letter of intent to run for an open position on the Council of Administration. I intend to use my talent and experience to further serve our organization and you, my fellow brothers.

I have demonstrated leadership at both the camp and department levels of our organization. I offer our organization my extensive experience in a national multimillion dollar nonprofit organization. I believe through my experience I can provide insight to help grow our organization.

Our organization would benefit from the use of information technology to allow our camps and departments to better communicate with each other and amongst themselves. The more activities at the local level, the better the ability of a camp to carry out its purpose, and grow.

I also believe that the organization should actively develop the talent within it. A number of brothers, based upon their work experience, training, and education, could help serve and aid organization. We just need to identify those individuals and ask them for help.

Finally, we must make sure that our organization always works to help the membership, fosters education about the War of the Rebellion, and promotes the memory of our ancestors.

Therefore, I am asking for your support in running for the council. If you have any questions, please contact me.

Your obedient servant,

Robert J. Amsler, Jr
