Called The Taunton Soldiers and Sailors Monument

The monument is a tall, rectangular granite memorial topped by a granite sculpture of a Union soldier. It is one of several Civil War monuments dedicated to the soldiers of Taunton, Massachusetts. A similar monument, believed by local tradition to be the original memorial, stands in a local cemetery.

Unlike many Civil War memorials, this monument does not list the names of those who died during the war. Instead, the names of Taunton's fallen are inscribed on a large tablet inside Old City Hall. This monument was erected to honor all of the approximately 1,700 men from Taunton who served in the Union Army and Navy during the Civil War, recognizing the community's collective contribution rather than only those who made the ultimate sacrifice.
